1.

1. [redacted] from 25 to 31 May 1950, included on-the-spot CIA representation. It is believed that in the future, in addition to any on-the-spot non-ORE coverage, it would be materially beneficial to arrange ORE attendance at this type conference.

2. It is therefore requested that AD/ORE be apprised of such conferences whenever CIA is permitted to participate in order that he may present recommendations for their coverage by appropriate ORE personnel.

MEMORANDUM TO: Assistant Director for Reports and Estimates

1. The Director does not desire to change his present policy against participation by other than on-the-spot CIA representatives at conferences similar to subject conference.

2. He has no objection, however, to the submission of individual recommendations for participation of ORE representatives at specific conferences. Each such request will be acted on as an individual matter, and decision based on circumstances in each instance.
